MAGIC SCREED

The Magic Screed has been the undisputed leader in its class for over 40 years, delivering fast and effortless concrete leveling. Its high-frequency vibration ensures even concrete distribution across the entire blade length, effectively dispersing aggregates and eliminating air pockets. This results in optimal compaction, structural integrity, and consistently high-quality floors.

POWERED by
HONDA

Powered by the renowned Honda GX35 – the world's lightest OHC engine, trusted for reliable professional performance.

WHY CONTRACTORS CHOOSE MAGIC SCREED?

OEM

APPROVED HONDA OEM

Genuine Honda power with global engine warranty.

BUILT FOR PROS

Professional-grade performance for daily contractor use, unlike light-duty DIY alternatives.

BETTER BLADE VIBRATION

Better compaction, faster screeding, and smoother finishes than competing models.

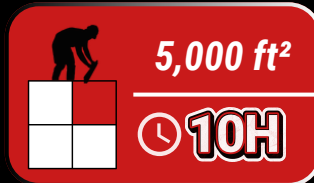

FAST ROI & LONG-TERM VALUE

Pays for itself quickly through labor and time savings, and keeps delivering value for years.

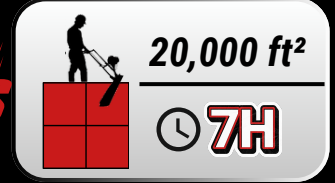

SPECIFICATIONS	
MODEL	#HD7070
HONDA ENGINE	GX35 (35 CC) AIR-COOLED 4-STROKE OHC
HORSEPOWER	1.3 HP (1 KW)
DRY WEIGHT	30 LB (13.6 KG)
VIBRATION FREQUENCY	7500 RPM
CONSOLIDATION DEPTH	UP TO 6" / 15.24 CM
#HD7171: + EXTRA VIBRO MOUNTS	

4X FASTER THAN TRADITIONAL METHODS

LET THE VIBRATION WORK FOR YOU

4-16 FT

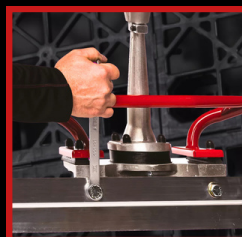

REVOLUTIONARY PATENTED BLADE SYSTEM

The Magic Screed aluminum blades are known for their unmatched straightness and innovative shape design, ensuring precise, flawless concrete leveling.

ROLL-BACK FEATURE

Prevents concrete accumulation by rolling back the excess instead of letting it flow over or under the blade.

QUICK BLADE SWAP

Blades can easily be changed in less than 2 minutes with the help of a wrench, and they fit on both the Magic and E-Screed.

ROUNDED EDGES

Enhance precision by making it easier to navigate around piping and other obstacles.

ANTI-VIBRATION SYSTEM

Keeps vibrations concentrated in the blade, reducing handle feedback for greater comfort and control.

PERFECT BLADE SIZE FOR EACH JOB

BLADE	SIZE	WEIGHT
#2050	4 FT (1.2 M)	6.7 LB (3 KG)
#2051	6 FT (1.8 M)	10.1 LB (4.6 KG)
#2052	8 FT (2.4 M)	13.4 LB (6.1 KG)
#2053	10 FT (3 M)	16.8 LB (7.6 KG)
#2054	12 FT (3.6 M)	20.2 LB (9.2 KG)
#2055	14 FT (4.3 M)	23.5 LB (10.7 KG)
#2056	16 FT (4.9 M)	26.9 LB (12.2 KG)

EXTERNAL VIBRATORS

THE EVOLUTION OF LEVELING

In 1984, Quebec City concrete finisher Roger Rouillard invented the first handheld vibratory screed that floated independently on concrete—a groundbreaking tool that made leveling up to 4x faster than traditional methods.

**“SO REVOLUTIONARY THAT IT
HAD TO BE CALLED MAGIC.”**

— Roger Rouillard | Founder, 1984

LEGACY & EXPERIENCE

Inventor of the original handheld screed, with 40+ years of field-proven success.

SPECIALIZATION

Unlike companies that do everything, we focus on one thing and do it exceptionally well—we're continually refining our screeds and setting the benchmark for quality, performance, and manufacturing excellence.

MADE IN CANADA

Manufactured locally to higher standards than generic imported alternatives.

“NOTHING EVEN COMPARES.”

BEEN USING THE SAME SCREED 22 YEARS AND COUNTING. I CURRENTLY OWN 3 OF THEM WITH VARIOUS BAR SIZES. THERE'S NOT EVEN ANOTHER OPTION OUT THERE AS FAR AS I'M CONCERNED.” -Michael, New York

“Worth every penny. Good balance, good power. Love the board design.”

—David, Ohio

“We've used about every vibra screed on the market, and the Magic Screed is the best without question.”

—Daniel, New Hampshire

“I love my Magic Screed. Been using since 99. Thanks for making such a back saving money maker.”

—Kelly, Kansas

“I've screeded millions of ft² with a Magic Screed. If you don't have one, you're missing out.”

—Jody, Michigan
